BRACHYTHERAPY

STORAGE RADIOACTIVE PRODUCTS

RADIATION PROTECTION Cabinet and interlock Transfer Windows

Application: Storage or transfer of radioactive products

Since 30 years, our engineers and technicians design, manufacture and install radiation protection leaded and neutronic doors, wall shielding, partitions, cabinets and interlock transfer systems for Radiation Therapies and Nuclear Medicine installations worldwide. Whatever the size, the weight or the location DIB teams do their best to satisfy your requirements and to bring to you, your personnel and your customers a safe environment.
